

## Summary IMpACT PI meeting 8<sup>th</sup> may, 2014

**Present:** Nina, Andreas, Jonna, Tetyana, Alysa, Bru, Alejandro, Claiton, Jan Haavik, Bru, Barbara, Angeliën

### Agenda:

1. Update to do list last meeting
2. ECNP Network Proposal → update
3. Horizon 2020
  - a. PHC3 call update (Andreas)
4. IMpACT database → update on progress
5. Ongoing projects:
  - a. Exome chip (Stefan/Jan)
  - b. GWAS Spain (Marta)
  - c. Meta-analyses
  - d. others
6. Symposia at congresses
7. Other business

### 1: Update to do list last meeting

Agenda point	Task	Who	When
1	Open website regularly to improve ranking	All	Continuously
1	Send information for the phenotypic database of IMpACT	Janneke	In the week of 19 <sup>th</sup> of May 2014 Janneke will send the new freeze
1	IMpACT contract update	All	Barbara has received the comments and will include them in the new version
1	Adult ADHD special issue in Am. J. Med. Genet. Part B	Barbara	9-10 possible papers from IMpACT. No mail will be sent to other people. We do need to include a review as well, which we do not have somebody yet.
1	ETN preparation	All	MiND is submitted. 1164 proposals submitted. 11% will be funded. Potentially better chances with resubmitted project
1	Symposium proposal submission for World Congress of WFSBP	Alejandro	No news
7	IMpACT airport meeting for preparation of EU project proposal	Andreas	ASAP
1	Send Nina the information available in your samples for the selected variables and genetic variants	All	Nina will wait until the database is ready and then actively ask the people to join

2	ECNP network proposal can be submitted	Barbara	Barbara will make a final draft and will send it for approval
---	--	---------	---

## 2: ECNP Network Proposal

We can submit a full proposal. Barbara will make a final draft and will send it to all IMpACT members for approval.

## 3: Horizon 2020, PHC3 call → update (Andreas)

Preliminary proposal will be sent to all members. Gaps have to be filled in by all IMpACT members. Contact person for Ipsych is Steve, Jonna contact person by Finnish registry, but we need to decide whether these can really have added value to what Henrik can provide. Commercial participants will not be strictly necessary for this project but would not be harmful. The meeting in Frankfurt in the summer will be probably on July 28<sup>th</sup>.

## 4: IMpACT database

For the database Janneke has received extra information from Germany. In the week of 19<sup>th</sup> of May Janneke will send out the new freeze of the database. We will check in August if there is enough reason to update the database again to implement e.g. additional German samples.

## 5: Ongoing projects

- A. Exome chip: The Dutch site will be ready in 2 weeks with genotyping of the Dutch and Brazilian samples. The others are almost ready.
- B. GWAS –Spain: The last version of the manuscript has been sent to all members. Next Monday, 12<sup>th</sup> of May, is the deadline for sending in the comments.
- C. Meta-analyses: DRD5 ongoing, NOS1 meta-analysis nearly finished.
- D. Others: 5HTT study proposed by Barbara. However, there is little life event data in the IMpACT cohorts.

## 6: Symposia IMpACT group at congresses

- WPA, 2015 in Madrid, proposal is accepted ( congratulations to Toni)
- CINP, June 2014 in Vancouver, Canada, presentations from IMpACT/Aggressotype members
- ECNP, October 2014 in Berlin, symposium of IMpACT + Katya Rubia
- WCPG October 2014 in Kopenhagen, proposal for Aggressotype by Bru is under review

## 7: Other business

- Two potential grant opportunities for junior Senior researchers like Alejandro, Marta or Tetyana:  
Human Frontiers Program: <http://www.hfsp.org/funding/research-grants>  
NARSAD: <http://bbrfoundation.org/grants>
- Jan Haavik is going on a sabbatical with the group of Barbara from late August until December.
- We will combine the Airport meeting in Frankfurt with an IMpACT PI meeting. Andreas suggests for the IMpACT PIs to arrive on Sunday already. More information will follow.
- For the Adult ADHD special issue in Am. J. Med. Genet. Part B we do need to include at least one review. If somebody wants to contribute that, it would be greatly appreciated.
